What is the interest rate?	Interest rate for months where no withdrawals are made	3.92% Tax free/4.00% AER (variable)
	Interest rate for any month in which a withdrawal is made	0.49% Tax free/0.50% AER (variable)
	Interest rate is calculated each day and paid monthly on the 1st of each month. If you have selected to pay interest to a different account, interest will be paid on the first working day of the month.	
	At the end of the 12 month term the account will switch to a Cash ISA Saver (excluding the bonus rate). We'll contact you before this happens with your options to continue saving.	
Can TSB change the interest rate?	Yes. We can move the interest rate up or down at any time. Our Savings Account General Conditions explain when we'll do this. If we increase the interest rate, we'll make details of the rate change available in branch, on the phone and on our website, within 3 days of the change. If we decrease the interest rate, we'll let you know personally 14 days in advance. You can close your account without charge within 30 days of the change, and at any other time. We may not do this if you have £100 or less in your account. Instead, we may tell you about it by making details of the change available in our branches, at **tsb.co.uk** and through telephone banking.	
What would the estimated balance be after 12 months based on a £1,000 deposit?	Based on a £1,000 deposit, with no deposits or withdrawals made from the account, and variable interest rates remaining the same.	
	Initial deposit	£1,000
	Interest earned at 3.92% Tax free/4.00% AER (variable) for the first 12 months	£40.00

	Based on a £1,000 deposit, with no further deposits, £10 withdrawn on the first day of months 1 and 2, and variable interest rates remaining the same. NB: The below projection allows for limited withdrawals only. If you anticipate making regular withdrawals during the account term, this may not be the most appropriate option to suit your needs.

Additional information	Accounts can only be opened in a sole name. You can only pay into a cash ISA from one provider in each tax year. Opening a Save Well Limited Access ISA will limit the amount that can be invested in a stocks and shares or innovative finance ISA. To find out more about this, speak to one of our Partners in your local branch or call us. The tax advantages depend on your individual circumstances and the tax treatment of your ISA may change in the future. If you aren't happy with your Save Well Limited Access ISA, you can cancel within 14 days of opening without charge. You'll still be able to open another cash ISA account in the same tax year with us or another provider. You can also close your account after 14 days, but you won't be able to open or subscribe to a cash ISA with a different provider until the next tax year. If you choose to close the account before the end of the term, interest will be paid to the day before account closure. The interest rate will be the lower rate that is normally applied to months in which a withdrawal is made. At the end of your term your account will convert to a Cash ISA Saver (excluding the bonus rate). We'll contact you before this happens with your options to continue saving.	

Interest rates and interest calculations correct as at 11 December 2023.

AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded once each year. Gross rate is the contractual rate of interest payable before the deduction of income tax. Tax free is the contractual rate of interest payable where interest is exempt from income tax. Tax treatment depends on your individual circumstances and may change.
